

TESL CANADA
Teachers of English as a Second Language - Canada

February 25, 2022

I hope everyone had a happy and safe Holidays and that it brought some rejuvenation to the new year. I know we are all drained from the ongoing pandemic, and your service to Canada is noticed. We all have a special role to play in our work with various groups, and we impact Canada in a positive way that we can all be proud of. I encourage all of you to reflect on how you make our country better, because you do. Some of us may not do the frontline work that shows the results directly, but all our roles are needed to help our students progress in their lives.

TESL Canada is working on expanding our reach beyond Canada, trying to serve the global community as well as Canada. I am encouraged by our professional development focusing on Indigenous reconciliation and anti-racism. As well, we are now meeting to form our next strategic plan. I would also encourage you, if you have the means, to donate to the TESL Canada Educational Foundation which is a registered charity.

I wish you all the best this year!

Donald Moen
President
